Let's take a stand against **Domestic Violence** and support
our High Desert Charity!!

The mission of Desert Sanctuary, Inc. is to provide for people in need, including, but not limited to, individuals and families affected by domestic abuse, and to provide a haven safe from violence; a place of temporary refuge.

Haley House is a Domestic Violence Shelter serving the greater Barstow area, the operative word being 'House' with regards to the list below. Like any home there are a lot of items necessary to keep the house and its occupants clean and functional. Next time you are out shopping please consider picking up on or more items on the list. Every item, be it small or large, can be the one thing that makes a difference!
